

Academic Year 16-17

Taking Algebra 2 Honors

(Completed Honors Geometry during the 15-16 school year)

You will work in your Algebra 2 pie. The work that you complete for the summer will be worth two test grades during the first quarter of the next academic year. Below is the list of the requirements for the test grades.

1st Test Grade: 175 Topics (Due Date August 6th)

2nd Test Grade: Paper Assessment within the first week of school in the fall.

Please look at my ALEKS Webpage for additional information, such as tutoring, contact information, etc.

Algebra 2 Honors book:

ISBN# 9780547647159

This book is different from the college prep algebra 2 book, so please use the ISBN#

There are online versions, but make sure to check which one will work best with your computer:

Online Edition	ISBN# 9780547315324	\$ 24.20
Intel eTextbook	ISBN# 9780544169173	\$ 16.99
ePub	ISBN# 9780544046399	\$ 13.99

The ePub is the newest version of a PDF type document. Intel eTextbook has many bells and whistles. It appears to be the Taj Mahal of ebooks. Check out the specs before buying, but they are much cheaper.

Thank you,

Rick Reed
