

Academic Year 16-17

Taking Pre-Calculus Honors

(Completed Algebra 2 Honors or Trigonometry during the 15-16 school year)

You will work in the Pre-Calculus pie. The work that you complete for the summer will be worth two test grades during the first quarter of the next academic year. Below is the list of the requirements for the test grades.

1st Test Grade: 200 Topics (Due Date August 6th)

2nd Test Grade: Paper Assessment within the first week of school in the fall.

Please look at my ALEKS Webpage for additional information, such as tutoring, contact information, etc. Also remember that the company makes upgrades in the summer. Your program may look different and have a different number of topics at some point. Do not panic. The number of topics will not change how many topics are due.

Pre-Calculus book:
ISBN# 9780840068071
Precalculus Mathematics for Calculus
6e Edition

Thank you,

Rick Reed
Science and Mathematics Instructor
Testing Coordinator
