

Academic Year 16-17
Taking Algebra 1 Honors
(Having taken Pre-Algebra or Algebra Readiness during 15-16 year)

You will work in the Algebra 1 pie. The work that you complete for the summer will be worth two test grades during the first quarter of the next academic year. Below is the list of the requirements for the test grades.

1st Test Grade: 207 Topics (Due Date August 6th)

2nd Test Grade: Paper Assessment within the first week of school in the fall.

Please look at my ALEKS Webpage for additional information, such as tutoring, contact information, etc. Also remember that the company makes upgrades in the summer. Your program may look different and have a different number of topics at some point. Do not panic. The number of topics will not change how many topics are due.

Algebra 1 book:
ISBN# 9780547647135
Larson Geometry
2012

There are online versions, but make sure to check which one will work best with your computer:

Online Edition	ISBN# 9780547315287	\$ 23.55
Intel eTextbook	ISBN# 9780544169159	\$ 16.99
ePub	ISBN# 9780544059351	\$ 13.99
ebook	ISBN# 9780547315287	\$ 23.55

The ePub is the newest version of a PDF type document. Intel eTextook has many bells and whistles. It appears to be the Taj Mahal of ebooks. Check out the specs before buying, but they are much cheaper.

Thank you,

Rick Reed
